

Firestick Jailbreak Quick Start Guide (2025)

Step-by-Step Jailbreak Instructions

1. Install Downloader App:

- Go to Find -> Search
- Type "Downloader" and install the orange icon app

2. Enable Unknown Apps:

- Settings -> My Fire TV -> Developer Options
- Tap device name 7 times under About if Developer Options is missing
- Install Unknown Apps -> Enable Downloader

3. Access TROYPOINT Toolbox:

- Open Downloader, enter code 250931 and tap Go

Recommended Apps to Install

Kodi: Add-ons for movies, live TV, sports

Cinema HD: On-demand movies & shows

BeeTV: Premium links with Real-Debrid support

Stremio: Fast torrent-based streaming (use VPN)

Flix Vision: All-in-one for VOD and live channels

SportsFire: Live sports & PPV content

Why Use a VPN

- Hide IP address
- Avoid throttling
- Protect your identity online

Top VPNs: Surfshark, NordVPN, ExpressVPN

Power Tools for Firestick

- Real-Debrid: High-quality HD/4K links
- Wolf Launcher: Custom home screen
- CleanWeb (Surfshark): Block ads & trackers

Legal Reminder

Jailbreaking is legal (enabling sideloading only)

Streaming copyrighted content is illegal

Always use a VPN with third-party apps

Reset Instructions

Settings -> My Fire TV -> Reset to Factory Defaults

This removes all apps and restores factory settings.

Enjoy Streaming!

You're now ready to fully unlock your Firestick's potential!
